STRATEGIC PLAN 2014-15 THROUGH 2016-17

THE PURPOSE

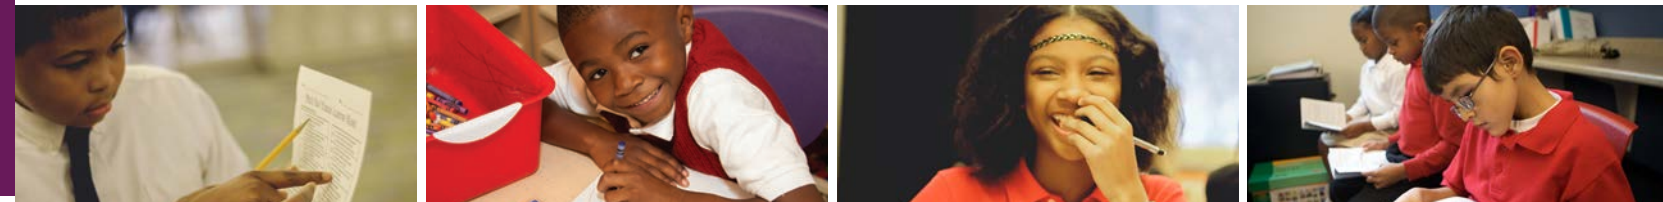

WE PREPARE STUDENTS FOR SUCCESS IN LIFE

“The plan’s vitality lies in its recognition that each of our two school districts embody distinct identities while sharing a common goal: to ensure that all students develop a broad vision and the skills needed to meet the challenges of complex and changing environments.”
— Mark Ornstein, CEO Detroit 90/90

THE PROCESS

More than 300 stakeholders—staff, parents, donors, board members, community members—provided input in person, online and over the phone.

THE MISSION

TO GIVE STUDENTS THE COURAGE TO PURSUE A FUTURE FULL OF POSSIBILITIES

CORE VALUES

WE CARE ABOUT PEOPLE.

In everything we do, we care about the needs of others while also taking care of ourselves.

LEARNING IS EXCITING.

We take joy in learning new things. We approach challenges by thinking about the new things we will discover.

WE THINK BIG AND DO.

Our goals push us to excel, and we work hard to accomplish those goals.

WE WORK WELL BY OURSELVES AND IN TEAMS.

We work hard on our own and contribute our personal best to the team, and our work together lets us all shine brighter.

OUR ACTIONS HAVE A PURPOSE.

Before we do anything, we know why we are doing it and how we will go about it.
